

## Convenient Shipping Choices

In order to make your shipping as convenient and efficient as possible, Purolator has developed a number of choices to get your packages into our system and on their way. From our handy Shipping Centres and designated Agents across the country to drop boxes located on busy inner city routes, you'll find solutions that work with your business priorities, your schedule and your budget.

### **Purolator Shipping Centres/**

Located in high-traffic areas such as office towers, shopping malls and in our terminals, Purolator Shipping Centres offer a host of shipping and business-related services that enable you to:

- make arrangement for same day, next day or deferred shipping services, within Canada, to the U.S. or around the world
- drop off shipments after courier cut-off times (enabling customers to get packages into our system later in the day)
- pick up shipments that are being "held for pick up"
- pick up Purolator shipping supplies such as bills of lading and guaranteed service stickers
- purchase packaging materials
- use our fax and copy services
- discuss shipping strategies with our experts
- utilize our Online Shipping System in certain locations

### **Purolator Agents/**

To increase our ability to also serve customers in smaller communities and rural areas, Purolator maintains a network of more than 550 Shipping Agents across the country. Through these Shipping Agents, we are able to make available courier services to locations around the world, to offer convenient locations where shipments can be "held for pick up" and make available Purolator shipping supplies.
